Flat at Sint-Gillis

9 1060 Sint-Gillis

Nestled in lush gardens behind a majestic mansion, this remarkable, fully-renovated back house features a 16-meter-wide facade and garden, offering country calm while being less than 8 minutes' walk from Place Stéphanie.

Once the studio of a famous Belgian sculptor, this house was later converted into a dance school before undergoing a complete renovation in preparation for its first occupation. It is equipped with a heat pump combined with an underfloor heating system, reinforced roof and wall insulation, and triple-glazed windows.

The first floor houses a vast living and dining room of around 100 m², as well as a professional kitchen, all opening onto a covered terrace. On the mezzanine floor, the master bedroom is connected to a sumptuous marble bathroom with bath and shower. As for the lower floor, it offers three bedrooms, which can also be converted into a gym, dressing room or office, each with a view over the garden, as well as two bathrooms.

Other noteworthy features include first-time occupancy after complete renovation, the possibility of two parking spaces in an optional private garage, a high-end fitted kitchen, a projection system for home cinema, HiFi connection sockets, an alarm system and electric shutters.
